

Seating Comfort

About Us

Rapido, which has founded in 2004, Ankara, presents products that offer benefits to user experience and human ergonomics with the product designs developed for office life.

Rapido, one of the important manufacturers of the sector in a short time by making a difference with the task chairs developed in the first years of operation, offers a wider range of expertise with different interior furniture solutions today. Offering innovative products such as modular seating groups, sofas and comprehensive armchairs for waiting areas, Rapido is the largest task chair and sofa manufacturer in Turkey thanks to its production volume and design diversity.

Rapido, with its nearly a quarter of a century experience and expertise, offers comfort to the end users with its retail, B2B and project sales channels. While providing quick solutions to customer expectations through chain markets and online sales channels such as Koçtaş, Carrefour, Avansas, A101 and Vivense, Rapido also develops unique products thanks to its solution partnership works with strong furniture companies at domestic and overseas. Rapido, which is one of the leading suppliers of the State Supply Office for 17 years, develops new products with its flexible production structure and strong R&D infrastructure.

Rapido exports to more than 20 countries such as Netherlands, Germany, Romania, Greece, England, Azerbaijan, United Arab Emirates, Qatar, Morocco, Iraq and Saudi Arabia in addition to its domestic sales network. Rapido continues to meet the end users with 70 shopinshop points in its domestic sales network.

Production Facility

Rapido, which has achieved rapid growth with its technology and R&D works since its establishment, operates in fully integrated production facilities of

10.000 m²

all of which are

32.000 m²

located in Sincan Malıköy Başkent Organized Industrial Zone.

Rapido, with its expert employees and R&D team, follows a policy that creates value for innovative and fast production in the field of design.

Metal Production Line:

Metal materials needed for all products are processed in Rapido's production facilities. The production facility has a capacity of

550 thousand meters of pipe and profile per year.

Wood Production Line:

The process of all wooden materials, especially the wooden frames of the products, are carried out thanks to the equipped machine park. The production facility has an annual production capacity of

15,000 sofa frames.

Polyurethane Production Line:

550,000 pieces of polyurethane are produced annually thanks to Cannon polyurethane machines in Rapido production facilities. Polyurethane material produced with Dow Chemicals raw material is resistant to fire.

Upholstery Production Line:

Production is made with high quality fabric and sponge materials in the upholstery factory, where the latest technology fabric cutting and sewing machines are located. Handcraft and mastery, one of the most important steps in upholstered product production, is presents by Rapido's experienced and skilled team. Aiming to offer the best results in its products, Rapido has an annual production capacity of

300,000 seats and

15,000 sofas with the effect of both technology and hand workmanship.
